

Dear \$[UD:FIRST_NAME]]\$,

As we continue to celebrate our 25th anniversary, we are shining a light on the young people who inspire us, as well as focusing on the impact of some of the projects we've supported which were undertaken by local organizations to improve our community's quality of life.

We presented **Peer Leadership Awards** to students at the three Campbellford elementary schools, recognizing young leaders who make their school communities stronger. We're also highlighting this year's graduating students who received support from our **Scholarship Funds**, helping them take their next steps with confidence.

We are invite you to take part in our summer photo challenge, **Impact In Focus**; an opportunity to learn and celebrate the impact that some of the grant projects we funded over our 25 years have on our community, and to focus on the organizations that undertook them. A great summer activity for the whole family!

Peer Leadership Awards

Hillcrest Public School

Kent Public School

St. Mary Catholic
Elementary School

The highlight of our work in June is the presentation of Peer Leadership Certificates to students, nominated by their peers, at the three Campbellford elementary schools. These awards recognize young people who lead not by title, but by example. The classmates who lift others up, show kindness when it matters most, and make their school communities stronger. Their recognized leadership qualities remind us why investing in local youth is one of the most powerful ways to build a brighter future. Congratulations to all!

Awards from our Scholarship Funds

We're also proud to celebrate the graduating students who received support from our Scholarship Funds, created by generous donors who believe in opening doors for the next generation. These awards help local students take their next steps with confidence, whether they're pursuing college, university, apprenticeships, or other pathways that shape their futures.
